THREE STUDIES IN LANGUAGES OF EASTERN PAPUA

Summer Institute of Linguistics
Ukarumpa, Papua New Guinea

The workpapers in this volume express the authors' knowledge at the time of writing. They do not necessarily provide a complete treatment of their topic, nor have they been particularly edited for publication. However, it is felt that linguists interested in the island of New Guinea will appreciate having these data papers available in this form.

Alan Healey,
editor

The publication of this book was facilitated by a grant from the New Guinea Research Fund of the Summer Institute of Linguistics.
